ANOTHER VICTORY FOR THE HIGH SCHOOL ATHLETES

The dove of victory again perched on the Ogden high school colors yesterday afternoon, when the crack tennis players of the school defeated the Weber academy "champs" in a second autumn series of singles and doubles. The victory was a decisive one, the high school boys getting their revenge for the victory of the Weberites a couple of weeks ago, by taking both doubles played and 8 out of 10 doubles.

The scores were as follows: Singles—Patterson (O. H. S.) vs. Figure (W. A.) 6-4, 6-2; Fitzgerald (O. H. S.) vs. Critchlow (W. A.) 6-3, 6-4; Bellapp (O. H. S.) vs. Parry (W. A.) 6-0, 6-3. The games were played on the City courts and the officials were Johnson and Patterson.

A jubilant spirit prevailed at the high school today over the victory, being married only by the condition existing on account of the "walk-out" of members of the student body and their subsequent suspension.

Superintendent J. M. Mills of the city schools addressed a special assembly at the high school this morning and stated that, after seriously considering with the faculty members and principal, the question of readmitting the students who had broken the rules of the school yesterday, a decision had been reached to allow them to return to their studies at the personal request of their parents. In the future, however, he stated drastic action would be taken for similar breaches of discipline.

LITTLE GIRL STRUCK BY AN AUTO NEAR GRANT SCHOOL

Playing in the road in front of the Grant school at recess time this morning, Almada Jones, a first-grade student of the school, was knocked down by an automobile and painfully bruised and scratched. She is a daughter of Mr. and Mrs. Joseph Jones and was taken to her home in the Bennett block where her injuries were cared for by her mother.

According to several students who saw the accident and were later questioned by Miss Blanche Williams, the teacher of the little girl, George Terry the driver of the automobile, sounded the auto horn several times and also shouted in warning to the children. He was driving the car slowly, they said but the Jones girl became confused and walked directly in front of it and was knocked down.

She was picked up by a cousin in such a frightened condition that she refused to be placed in the automobile and was hurried to her home on foot.

JOHNATHAN GRIX IS KILLED BY AN AUTOMOBILE

Johnathan Grix of 2459 Grammercy avenue, and one of Ogden's oldest citizens, was accidentally killed about 9 o'clock this morning, though being struck by an automobile driven by Dr. W. H. Petty and knocked to the paved roadway at the side of the doctor's house. According to a member of the Grix family, the aged man—being his 92nd year—had been in the habit of taking a morning ride with Dr. Petty. This morning he was heading across the lawn of the Grix home when Dr. Petty, who resides in the adjoining house, began to back his automobile out of the garage.

The old gentleman, unseen by the doctor, stepped across the intervening space and into the roadway leading to the garage. He was struck by the extra tire attached to the rear of the automobile and fell, his head striking the pavement. His feet went under the automobile and Dr. Petty, feeling something binding, stopped, and was horrified to find the old gentleman underneath the car. He pushed the car off the prostrate man and picked him up, but the shock to the aged nerves had been too great and, with a faint smile or recognition on his face, Mr. Grix passed away in the dentist's arms. An investigation showed that the body had not been dragged or bruised, the only injury being to the head, which had struck on the concrete roadway with considerable force, causing a concussion of the brain.

Dr. Petty, though entirely exonerated from blame by the family of the dead man, was greatly shocked over the accident and the shock of the sudden death of his father was also deeply felt by Lamoni Grix, who has been in poor health for some time. Both families deplore the accident, as Mr. Grix was in possession of all his faculties and was much beloved by them as a relative and neighbor.

Johnathan Grix was born at Marsham, Norfolk, England, November 14, 1823, the son of John and Mary Blake Grix. He was baptized into the Mormon church, April 2, 1848, by Elder Hart and from that time until 1868, he was a traveling missionary of the church. Early in 1868, he was made president of the Norwich conference of the British mission and held that position until September 29, 1869, when he emigrated to Utah. He arrived in Ogden, October 16, 1869, and had lived here ever since.

The pioneer was married to Sarah Florence, April 25, 1851, at Saint Faiths, Newton, Norfolk, England. After settling in Ogden he established a dry goods and notion business and carried it on with his son Lamoni, for many years. He was also active throughout his residence in Utah in church affairs and, at the time of his death, was a high priest of the Weber stake. He is survived by his son, Lamoni, the latter's seven children and six great-grandchildren. One of the grandchildren, Arthur Grix, recently went to California as a Mormon missionary and the funeral arrangements will not be completed until he is heard from.

ATTEMPT IS MADE TO INTIMIDATE THE VOTERS

Fell workers were intimidating relatives of city employees this morning. One woman worker declared that all the votes cast could be identified by number and that if relatives of city employees were found to have cast their votes against the mayor, the employees would be discharged.

The woman insisted that the ballots all were numbered and could be traced, which is not true, as the number on each ballot is torn off by the judges before the vote is deposited and after that there is no method of identifying a ballot.

The attempt at intimidation is being resented and the Fell people have lost votes by the unfair tactics.

HOMES BEING BUILT DURING FINE FALL WEATHER

With the fine fall weather prevailing, building activity continues.

Austin H. Shaw has begun the erection of a residence on Washington avenue, between Sixth and Seventh streets, that will cost in the neighborhood of \$2000.

On Harrison avenue, between Twenty-seventh and Twenty-eighth streets, E. F. Piers is building a home at a cost of \$2500.

J. A. Smith is constructing a residence on Blinford avenue that will cost upwards of \$2500.

On Twenty-third street and Monroe avenue, the McGregor Brothers are building four residences to cost \$1500 each.

On Washington avenue, between Eighth and Ninth streets, C. W. Ward is building a \$3300 residence.

A residence to cost \$1900 is being built by T. B. Burk on Second street, between Washington and Adams avenues.

Harry Flaner has begun the erection of a residence on Washington avenue and Eleventh street, that will cost about \$1500.

Everyone who loves music should hear Prof. Larson's Concert Orchestra, Alhambra-Orpheum every evening.

J. H. MARTIN IS NOW WITHOUT AN ATTORNEY

It is quite certain that the J. H. Martin case will not be called for trial Thursday, as Martin's attorney, Soren X. Christensen, of Salt Lake, states he will withdraw from the case unless the trial can be continued until December 10.

Mr. Christensen was in the city today and he requested a continuance until the early part of December. Judge Howell stated that continuance for that length of time would not be granted and County Attorney J. E. Evans, in the absence of the district attorney, would not consent to the continuance. Mr. Christensen then announced that it would be necessary for him to withdraw from the case, as his personal affairs made it impossible to attend to the defense earlier than December.

This situation will make it necessary for Martin to secure the services of another attorney and it is possible that he will request the court to appoint one for him. In any event, the attorney who takes up the case undoubtedly will ask for an extension of time of trial to enable him to familiarize himself with the facts of the case. This means that the case cannot be taken up for trial Thursday.

GOLF POPULAR WITH MANY MEN AND WOMEN

Thursday will be ladies day at the Ogden Golf and Country club and about twenty-five members of the gentler sex who have interested themselves in golf will participate in a program of matches. The events will start at 2 p. m. and the players, with their guests, will take tea at the clubhouse at 5 o'clock.

Last Sunday, fifteen prominent Salt Lake golfers were guests of the club, and, with about twenty local clubmen, were guests of Chapin A. Day at breakfast. Following the repast, a number of golf matches were played until noon. Luncheon was served in the clubhouse and the afternoon was devoted to play. The visitors were greatly pleased with the golf links and appointments of the clubhouse and were not at all backward in so expressing themselves.

Among the local women, who are actively taking up golf are Mesdames A. P. Bigelow, J. H. DeVine, L. R. Eccles, D. C. Eccles, J. N. Spargo, J. Browning, Jack Lynch, George Maule, R. S. Joyce, and R. E. Hoag and the Misses Ruth Watts and Dorothy Wright.

The official opening of the Country club will be on October 30, when a reception, banquet and dance will be held.

ELECTION RETURNS AT STANDARD OFFICE

The Standard will give election returns tonight in front of the office. The figures on the election will begin to come in shortly after 7 o'clock and a fair idea of the results should be obtainable by 9:30.

A heavy vote is being polled and if the clerks at the different polling places are slow, the final returns may be late.

MAKING GOOD THEIR PROMISE

The Alhambra-Orpheum is offering the greatest vaudeville in the world to the citizens of Ogden. No free tickets are distributed. Throughout the city for this high class theatre. Everyone must pay who enters the Alhambra and will have the assurance of your money's worth. The smallest city in the United States showing the complete Orpheum program at the lowest prices in the United States. The hundreds have signaled their approval by their liberal patronage which is necessary to maintain such a gigantic undertaking. I have said Ogden can generously support the Orpheum if the people are given what they pay for and they are getting it every week at this beautiful palace.

Free passes won't always be at your door. Every act appearing on the Alhambra-Orpheum is an Orpheum act. No substitutes are given. Toots Paka headlines the bill this week, following next week with "Home Again," with 16 people in the act. If you haven't attended the great Alhambra-Orpheum start this week. The concert orchestra directed by Prof. Larson, plays for the Paramount photo to play every evening. "Tess of the Storm Country" comes Today and Wednesday.—Advertisement.

NAMED SECRETARY TO SEN. REED SMOOT

A telegram received at the Standard today from Washington, D. C., announced the appointment of Clarence E. Wright of Ogden to the position of secretary to Senator Reed Smoot.

Mr. Wright is a son of Mr. and Mrs. Joseph E. Wright and left Ogden about a week ago for Washington, D. C., to take up his studies as a senior in the George Washington School of Law.

HEAVY VOTE IS CAST DURING MORNING HOURS

Election workers were started out at an early hour this morning and they have been constantly at it the entire day. The three headquarters had a large number of automobiles in operation when the clock struck 7. It is estimated that there were at least fifty autos covering the various districts. The Fell and Campbell machines carried banners, but the Heywood machines had no banner of any kind to designate who the workers were.

In the early hours of the day it was indicated that the vote for the day would be extremely heavy but as the day wore on conditions were not so flattering. However, it is expected that there will be fully 5000 votes cast. At 3 o'clock it was conservatively estimated that 2500 or 3000 votes had been cast. The vote at last reports was as follows:

First district212.
Second district336.
Third district144.
Fourth district142.
Fifth district147.
Sixth district170.
Seventh district147.
Eighth district285.
